

THE ESSENTIAL DIFFERENCE

Essential Industries is a Polymer R&D company. That means we invent polymers that exist nowhere else in the world. Our polymers are conceived by our scientists, engineered in our laboratories and created in our reactors. From conception to production, Essential Industries delivers extraordinary innovation in world class polymers.

Extraordinary Innovation.

World Class Coatings...
Powered by Essential Polymers.

With over 40 years of experience inventing brand new polymers, Essential Industries has become a world leader in polymer innovation and floor care technology.

While Essential's primary focus is in floor care products, its strength in Research and Development has enabled it to create designer polymers and resins for diverse customers in industries from floor finishes, paints, concrete, plastics, detergents, adhesives and printing ink technologies. To date, it remains the only U.S. floor finish producer that creates and produces its own acrylics, polyurethanes and hybrids in its two state-of-the-art factories.

ESSENTIAL Industries... Your Wood Floor EXPERTS

ESSENTIAL'S WOOD FLOOR PRODUCT LINE

SPORT KOTE®

Water-Based Urethane Wood Finish

Offers durability and appearance equal to or greater than oil-modified products. One hour dry time between coats and athletes are back on the floor the next day! MFMA-approved.

SPORT KOTE® NMP-FREE ← NEW!

Water-Based Urethane Wood Finish

Our Sport Kote water-based wood finish but without NMP. Formulated to comply with California VOC laws.

SATIN SPORT KOTE®

Water-Based Urethane Wood Finish

Offers durability and appearance equal to or greater than oil-modified products. Same dry time and cure time as Sport Kote.

SPORT CLEAN

Life-Extending Floor Cleaner

A neutral, no-rinse cleaner designed for damp-mopping or scrubbing of finished wood floors.

SPORT PREP

Cleaner and Restorer

Cleans and repairs to restore floor to like-new condition. Removes embedded dirt, black marks and scuffs while improving slip resistance.

SPORT TACK

Dual-Purpose Wood Floor Cleaner

For thorough, low moisture cleaning of wood floors without an auto-scrubber. Also use for tacking to remove dust before sealing and/or finishing.

SPORT SEAL

Fast-Drying, Water-Based Floor Seal

Water-based seal with a rich, amber tint. Fast-build formulation which dramatically reduces the risk of sidebonding.

OMU WOOD SEAL

Oil-Modified Sealer

Provides an outstanding foundation for game lines and finish coats. Dries fast. MFMA-approved.

HIGH SOLIDS GYM FINISH

VOC-Compliant Oil-Modified Urethane

Low color, high gloss film provides beautiful, rich appearance without darkening wood. MFMA-approved.

40% GYM FINISH

Oil-Modified Wood Finish

A high shine formula that resists scuffs, rubber marks and dirt penetration. MFMA-approved.

Wood Flooring
Association

Sport Kote is inimitable. Through its totally unique, self cross-linking technology, Sport Kote offers industry-leading performance with huge savings in labor and gym floor downtime.

The Sport Kote Promise

2 people...

5 hours
for 2 coats...

Play on it
the next day...

Water-Based Urethane Wood Finish

- No sanding or screening
- Single-component – pour and apply
- No pot life
- Adheres to any sound gym floor coating
- Fast-drying – 60 minutes under normal conditions
- Play on it the next day
- Easily restored to like-new gloss
- Self cross-linking eliminates need for catalysts, gluing or heavy metals
- MFMA-approved and UL-classified
- VOC-compliant in all 50 states
- Lasts at least a year with proper maintenance
- NMP-Free version available (215SF) ← NEW!
