

A Truly Innovative Water-Based Wood Floor Finish

Sport Kote® PC is the next generation of Sport Kote, the **MARKET LEADING** water-based single-component gym finish for the last 15 years.

What's different about Sport Kote PC?
Everything...and nothing.

Sport Kote PC still delivers our 2 x 5 x 24 Promise, low VOC's and is MFMA-approved and UL-classified.

But...now it's made with Polycarbonate, the same material found in the bullet proof canopy of the U.S. Military's new F-22 Raptor fighter jets. That means big gains in durability, gloss and scuff/scratch resistance for gyms that take a beating year in and year out.

The Sport Kote 2 x 5 x 24 Promise

2 people...

**5 hours
for 2 coats...**

**Play on it
the next day!**

What Our Customers are Saying...

Very easy to put down the product. The durability and the shine are outstanding. The maintenance is very straightforward and easy...holds up really well. They use this floor like 14 hours a day, every day of the week. As you can see, it's beautiful after months of use.

Highly recommend it.

Tom Gillespie, Maintenance Engineer
St. Patrick's High School - Chicago, IL

Experience the Sport Kote Promise by attending a Sport Kote seminar. You'll get hands-on experience applying Sport Kote to a working gym floor.
